

Community Service-Friendship Ridge

BCAR's Community Service Committee delivered colorful baskets, filled with puzzle books, personal hygiene items, books, clothing, snacks and greeting cards, to the residents at Brighton Rehabilitation and Wellness Center last month.

"Pouring a little joy into someone's day is an easy thing to do" remarked organizer, Bev Pietrandrea. "We want to make a difference with the seniors in our community that don't expect much and appreciate a simple kindness."

Pietrandrea added, "Always on the lookout for organizations that can use a boost, or a helping hand. We want to be visible to our community members and provide them with the supports that we can."

If you know of any groups or would like to lend a hand with BCAR's Community Service Committee, please contact Rose at the Association Office.
