INVEST IN RPAC

Now more than ever, it's critical for REALTORS® to invest in RPAC.

RPAC represents the interests of Realtors® and works to pass legislation that helps your business and defeat legislation that could have an adverse impact on the real estate industry.

As local municipalities and the Commonwealth face ever-shrinking budgets, lawmakers begin to look at new ways to raise funds. Taxes on real estate transactions, fees on services and increasing property taxes are just a few of the threats to the industry.

Individually, it's difficult to change things. But together, Realtors® can influence decisions made in Harrisburg and Washington, D.C.

Calls for Action

When Congress is considering legislation that affects the real estate industry, NAR calls on its members to act.

Simply by contacting your Member of Congress through an e-mail or a phone call, you can ensure that your business remains strong.

NAR members join together and speak with one loud, powerful voice.
