

## BCAR AT GARRISON DAY

Garrison Day is known for its artisans, crafts, food, and entertainment but what about home ownership? The Beaver County Association of REALTORS® spent Saturday, June 10th interacting with the public about home ownership, the benefits of employing a REALTOR®, and the charitable work they do to support our community.

To make things fun a balloon artist created balloon art and candy was on hand for all ages. "It's our responsibility as REALTORS® to improve the communities where we sell homes" commented BCAR President, Bob Williams. "Taking the time to explain why it is far better to work with a REALTOR® than to go it alone is what we were trying to accomplish." REALTORS® from different Real Estate Agencies throughout the county were in attendance to hand out information regarding home ownership.

"Garrison Day is a wonderful community event that brings us together" remarked Past-President, Bev Pietrandrea. "We help people find homes and become a part of a community. Putting a smile on a kid's face by handing out balloons is a small way to highlight the importance of how we serve our clients."

The Beaver County Association of REALTORS® provides educational opportunities to all the members they serve to promote a positive image within the community and to preserve the right to own, use and transfer real property.
